

HARPREET S. BAWA, MD

Specializes in Hip and Knee Replacement & Revision, Fellowship-Trained Orthopedic Joint Replacement Surgeon

Dr. Harpreet Bawa is a board-certified and fellowship-trained joint replacement surgeon specializing in the treatment of arthritis and other degenerative joint conditions of the hip and knee. Through his extensive training and experience, he has developed an expertise in joint replacement surgeries, such as total knee replacement, partial knee replacement, anterior and posterior hip replacement, and hip resurfacing procedures. Dr. Bawa also treats patients who require revision hip or knee replacements and those who have had a previous surgery or deformity requiring complex joint replacement surgery. Using minimally invasive techniques, computer-assisted technology, and protocols specifically tailored to each patient, his goal is to not only relieve his patients of their pain but also restore them to their previous level of function—or better.

Dr. Bawa completed his undergraduate studies at the University of California in Los Angeles, where he graduated magna cum laude with majors in economics and neuroscience. He earned his medical degree at Case Western Reserve University School of Medicine in Cleveland, Ohio. He graduated among the top of his class and was inducted to the highly esteemed Alpha Omega Alpha honor society. Dr. Bawa completed his internship and orthopedic surgery residency at the University of Chicago Medicine in Chicago, Illinois. Following residency, he underwent additional specialty training through a hip and knee reconstruction and joint replacement fellowship at the world-renowned Hospital for Special Surgery (HSS) of Cornell University in New York City.

Dr. Bawa is an active member of the American Academy of Orthopaedic Surgeons and the American Association of Hip and Knee Surgeons. He has presented and published in multiple areas of orthopedic research, and his papers have been published in top peer-reviewed orthopedic journals, such as the *Journal of Bone and Joint Surgery*, *The Journal of Arthroplasty*, and *Clinical Orthopaedics and Related Research*®. Dr. Bawa is also a reviewer for *The Journal of Arthroplasty*. Furthermore, his research has been featured in a variety of media outlets, including *The Wall Street Journal*.

Specializing in:

- Anterior Total Hip Replacement
- Hip Resurfacing
- Partial Knee Replacement
- Posterior Total Hip Replacement
- Revision Hip Replacement
- Revision Knee Replacement
- Total Knee Replacement

Dr. Bawa's treatment philosophy revolves around the importance of caring for the whole patient. He firmly believes that, in addition to treating a patient's orthopedic condition, it is imperative to address the emotional and social aspects of his or her life as well. He also believes in the value of evidence-based medicine, as it gives his patients optimal outcomes.
