

	<b>Block #1 (Snyder/ R. Ferkel)</b>	<b>Block #2 (Karzel/Getelman/ Auerbach)</b>	<b>Block #3 (R.Ferkel/ Guananche/ E.Ferkel/ Auerbach)</b>	<b>Block #4 (Kwak/E. Ferkel/ Vellios)</b>	<b>Block #5 (Guananche/Bahk/Vellios)</b>
Monday a.m.	Research	Getelman surgery	R.Ferkel surgery	E. Ferkel surgery	Guananche clinic
Monday p.m.	Research	Getelman clinic	R.Ferkel surgery	E. Ferkel surgery	Guananche clinic
Tuesday a.m.	Snyder surgery	Karzel surgery	Auerbach surgery	Kwak surgery	Guananche surgery
Tuesday p.m.	Snyder surgery	Karzel surgery	Auerbach clinic	Kwak surgery	Guananche surgery
Wednesday a.m.	Snyder clinic	Getelman surgery	R.Ferkel surgery	Vellios surgery	Guananche surgery
Wednesday p.m.	Snyder clinic	Getelman surgery	R.Ferkel clinic	E. Ferkel surgery/clinic	Guananche surgery
Thursday a.m.	Snyder clinic	Karzel surgery	Guananche surgery or E.Ferkel surgery (alternating)	Kwak surgery	Bahk surgery
Thursday p.m.	R. Ferkel clinic	Auerbach surgery	Guananche surgery or E.Ferkel surgery (alternating)	Kwak surgery	Bahk surgery
Friday a.m.	Research	Getelman surgery	R.Ferkel surgery	Kwak clinic	Vellios surgery
Friday p.m.	Research	Getelman surgery	R.Ferkel surgery	Kwak clinic	Vellios clinic

**Notes:**

*Vacation time is arranged at the fellows' request, regardless of which block they are on. The fellows participate in each block twice during the year, for a total of 10 weeks for each block.*

*The following are the educational foci for each block*

*Block 1 – Focus on shoulder arthroscopy with Snyder; clinical time (shoulder, knee, foot & ankle) with R. Ferkel*

*Block 2 – Focus on shoulder and knee arthroscopy with Karzel and Getelman; shoulder and elbow surgery with Auerbach; cartilage preservation and restoration techniques*

*Block 3 – Focus on arthroscopic surgery of the ankle and foot, knee and shoulder with R.Ferkel; arthroscopic & open procedure of the hip and shoulder, including total hip arthroplasty, and total shoulder and reverse shoulder replacement with Guananche; foot & ankle surgery and knee arthroscopy with E.Ferkel; cartilage preservation and restoration techniques*

*Block 4 – Focus on arthroscopy of the shoulder, knee, hip and elbow, total shoulder, knee and hip replacement with Kwak; foot & ankle surgery and knee arthroscopy with E.Ferkel; cartilage preservation and restoration techniques*

*Block 5 – Focus on hip and shoulder arthroscopy, total hip arthroplasty, total shoulder and reverse shoulder replacement with Guananche; arthroscopic & open procedures of the shoulder, knee, and hip, as well as total shoulder replacement with Bahk; cartilage preservation and restoration techniques*
